JON-ADRIAN
VELAZQUEZ

freejonadrianvelazquez.org

- A retired police officer was shot, police wanted an offender, *fast*.
- Original accounts sighted two African-American men.
- Jon-Adrian does not resemble descriptions of the alleged men.
- Jon-Adrian was convicted without any forensic connection to physical evidence, using only eyewitness testimony.
- All witnesses except one have recanted.
- The one who didn't was admittedly high on heroin.
- **Jon-Adrian is still behind bars after more than 15 years and he needs your help.**
